Programme Info-Métiers

Dear parents,

Our careers guidance service supports students in compulsory education in their choice of future education or training. As part of this support, we are pleased to be able to tell you about our **Info-Métiers** programme.

The programme consists of a series of company visits on Wednesday afternoons, arranged every year in cooperation with businesses and trade associations in this canton. This school year, the visits will take place from **October 2025 to April 2026**.

Experience immersion in the world of work

The programme offers young people a unique opportunity to:

- Discover a range of business sectors from the inside;
- Have discussions with professional people who are passionate about their work;
- Obtain information about entry-level education and training, and the options for future development;
- Understand the work environment and the richness of the world of work;
- Develop their thinking about their choice of appropriate education or training.

How to take part

Registration is now open. You can find out about the visits on offer and register your child at:

→ www.vd.ch/infométiers

Thank you in advance for your interest in this programme.

Kind regards,

Directrice

Emmanuelle Rossier
