

To parents of Year Raccordement 1
students

Ref.: AP/JV/est

Lausanne, September 2020

Dear Sir or Madam,

Your child has just begun his or her Raccordement 1 year of school and will soon have to make certain choices regarding the future.

To help both you and your child in making these decisions and taking the necessary steps, there is a qualified **psychologist-career councillor** on hand in the school. He/she will be visiting your child's class to talk about the issues to be faced and the important steps to be taken in this transitional year. Your child will be offered individual interviews, which you are very welcome to attend.

At the same time, we invite you to use the various **information resources** available to support your child in taking these important steps:

- Job information sessions (Info-Métiers) (programme enclosed)
- The Occupation and Further/Higher Education exhibition (Salon des métiers et de la formation) on 24.11 – 29.11. 2020
- The Information Centre on academic programmes and professions (CIEP) in your area
- The documents provided to your child in the VG class
- The website www.vd.ch/orientation
 - ▶ *Pour les élèves de la scolarité obligatoire*
 - ▶ *Télécharger les publications de l'OCOSP*

We will be delighted to give you any further information you may require.

Thank you for your attention.

Yours faithfully,

Head Teacher
